Color Palette

The color palette is rooted in deep burgundy and dark red tones, drawing directly from the dim, low-lit atmosphere of the bar and the familiar colors of bass rosin packaging. Rich reds and wine-toned burgundies set a warm, intimate foundation, while light and dark accents of beige add brightness to offset the deep tones.

Together, the palette feels moody, tactile, and timeless, reinforcing a late-night listening-room vibe while grounding the brand in materials and tools that musicians know and recognize.

Bric Red
