Color Palette

NATIVES

Color Palette

The color palette is rooted in deep burgundy and dark red tones, drawing directly from the dim, low-lit atmosphere of the bar and the familiar colors of bass rosin packaging. Rich reds and wine-toned burgundies set a warm, intimate foundation, while light and dark accents of beige add brightness to offset the deep tones.

Together, the palette feels moody, tactile, and timeless, reinforcing a late-night listening-room vibe while grounding the brand in materials and tools that musicians know and recognize.

Bric Red

Typography

NATIVES

Typography

The primary typography is a vintage-inspired bold font that nods to classic signage and record-era lettering, while remaining clean and contemporary. Its soft curves and expressive forms bring warmth and movement to the brand, balancing nostalgia with a modern sensibility so it feels timeless rather than dated.

Paired with Founders Grotesk, a modern sans serif font with various styles, that is agile and perfect for printed materials such as menu's, flyers, and signage.

FRESH **POPS**

DRINKS | EATS | MUSIC

Logo

This concept features a bold, stacked wordmark with strong vintage influence and high visual impact. The extended strokes at the ends of the letterforms help fill negative space, creating a compact, confident mark that reads clearly from a distance. The overall shape subtly nods to the strings of a violin.

The system is paired with a stamp-inspired submark, featuring the mouse mascot, that reinforces the neighborhood-bar feel and works seamlessly across signage, packaging, and merch. Plus a horizontal version of the wordmark for added flexibility. Together, the marks feel iconic, durable, and built to live comfortably in both analog and digital environments.

Logo Clear Space

Clear space ensures the logo remains legible and visually distinct. A minimum amount of clear space must be maintained around the logo at all times. This space should be equal to the height of the logo's first letterform, F, and must remain free of text, imagery, or other graphic elements.

Logo Dont's

To maintain consistency and clarity, the logo should never be altered or distorted. Do not stretch, skew, rotate, outline, recolor outside the approved palette, add effects, place over busy backgrounds, or modify the typography.

The logo features the words "FRESH" and "POPS" in a bold, stylized font. "FRESH" is in a smaller, blocky font with horizontal stripes on either side, while "POPS" is in a larger, more rounded font. The letters are white with a thick red outline. The entire logo is set against a solid dark red background, which has a subtle texture of crumpled paper or fabric, giving it a tactile, fresh feel.
